

Law in Practice

Chinese Businesses & Pakistani Legal Frameworks

LUMS | Centre for Chinese Legal Studies
Shaikh Ahmad Hassan School of Law

Inside the Programme

Doing business across borders brings immense opportunity but also real challenges. This executive programme is designed to help you make sense of Pakistan's business environment and connect it with the realities of Chinese investment, BRI, and CPEC.

Through practical case studies and applied learning, you will be equipped to structure business engagements with confidence, manage compliance and financial risks, resolve disputes effectively, and tap into the opportunities created by cross-border treaties and economic partnerships.

Whether you are a Chinese company in Pakistan or working alongside Chinese investors, this course provides the contextual understanding needed to anticipate challenges, strengthen operations, and unlock sustainable growth in an evolving market.

The Modules are Tailored for:

Leaders in the China-Pakistan Business Corridor

Decision-Makers Driving CPEC Projects
